

# Placing of the binding

Remember two component adhesive (araldit) on all skis made of wood.(with regular adhesive, the skis may break)

## Where do I measure from?

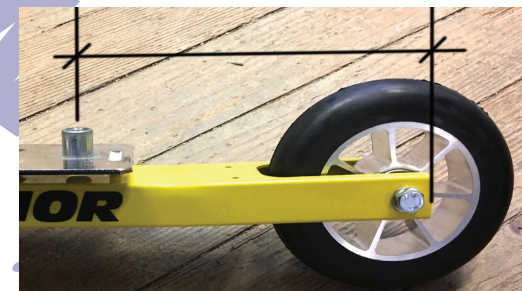

Pictures below shows you where to start measure.

Measure from the rear at the ski and to the hole closest to the rear wheel

### Wooden body skis

### Aluminum skis

### Gimlet

Use this gimlets.

- Aluminium skis: 4 mm
- Wooden body skis: 3,6 x 14 mm

Remember two component adhesive (araldit) on all skis made of wood. In the drill holes.
